What is LUCA

The image shows a historical US Census form titled "TWELFTH CENSUS OF THE UNITED STATES SCHEDULE No. 1-POPULATION". The form is a large table with many columns and rows, containing handwritten data. The columns include names, addresses, and various demographic information. The form is dated 1900 and is a Schedule No. 1 for Population. The form is filled with handwritten entries, including names, addresses, and other details. The form is a grid with many columns and rows, containing handwritten data. The columns include names, addresses, and various demographic information. The form is dated 1900 and is a Schedule No. 1 for Population. The form is filled with handwritten entries, including names, addresses, and other details.

- Added apartments
 - New construction
 - New group quarters
 - Mistakes in jurisdiction
 - Delete no longer used addresses
 - Supplement our list of addresses
-
- Opportunity for local governments to correct the mail-out list for the US Census with new, corrected or unknown addresses –everybody gets a form!

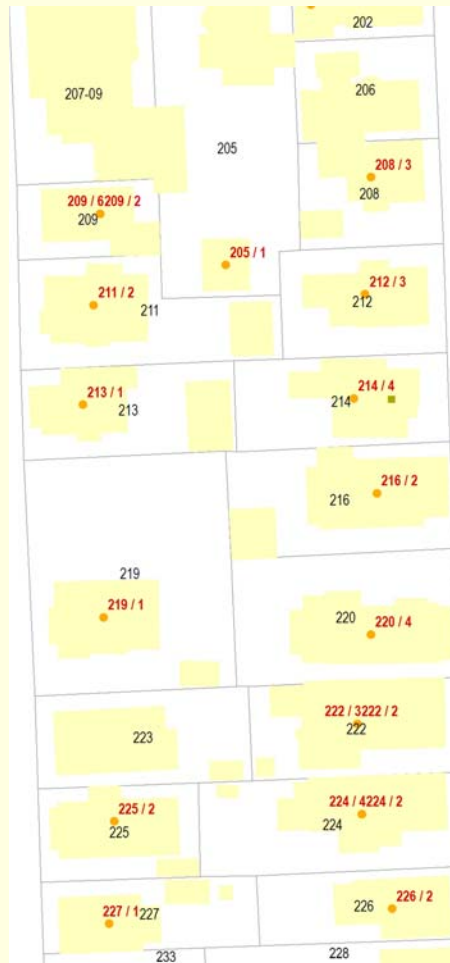

Why LUCA

- Complete count
 - Effects funding for government and other grants
 - Know our people and their needs-rich source of geographic/demographic data
- Mail-out is critical in a college town and that's a large part of the pop
 - leaving by mid May
- A chance to reconcile and create our own master address database
 - For 911 dispatch & great geocoding

Process & Outcome of our LUCA

- 674 unit corrections submitted
- Our list derived from multiple sources - 911, tax parcel data, Building Dept. inspection records
- Many hours with lists, phone calls, map comparisons
- Census does field checking of their list and our list and reports back – GPS points

- 345 processed as they were (225 added)
- 329 could not be verified by Census canvassing (240 additions)
- Checking them now (could be our/their mistake)
- Can appeal with documentation to show as valid - they will reconsider
